Welcome to a home that offers the space you've been looking for and the convenience you need. Situated on a generous 0.410-acre homesite just minutes from both Midland and Odessa, this well-maintained property gives you room to spread out without sacrificing an easy commute.

Inside, vaulted ceilings and a cozy wood-burning fireplace create a warm, inviting atmosphere that's perfect for gathering with family and friends. The oversized primary suite is more than just a bedroom—it offers the flexibility for a private sitting area, home office, or workout space, along with dual walk-in closets that provide exceptional storage.

The kitchen is designed for everyday living with abundant cabinet space and a complete appliance package, while the large covered patio overlooks an expansive backyard with two storage buildings and endless possibilities for entertaining, gardening, or simply enjoying the outdoors.
